Contemporary Design with Exceptional Performance

A combination of years of research and development, excellent craftsmanship, and beautiful design has culminated in an industry-leading integrated blind. The opening and closing mechanism is housed in a slim 30mm, fully symmetrical profile. This minimises the visible magnetic mechanism whilst maximising the glazed area of doors and windows.

Our magnetic blind system is simple yet functional with the raise, lower, and tilt functions achieved through two simple operations, in an easy glide movement. The engineered gearing mechanism ensures the blinds are raised or lowered twice the distance of movement of the magnet. All Nōtan's products are manufactured to the highest standards with premium components for a reliability that stands the test of time, time after time.

> " The quality of their products are phenomenal."

Personalised to your Taste, Style, and Environment

At Nōtan, we recognise and value the importance of aesthetics, so we offer many bespoke design options, from contemporary to classic finishes, plus a broad range of standard sizes for all windows and doors designed to suit your environment.

WHITE BY001 | CREAM BY010 | ROSE GOLD BY014 | ANTHRACITE GREY RAL7016 | BROWN BY006

DARK BROWN BY007 | METALLIC SILVER BY004 | WHITE/ANTHRACITE BY012 | BLACK RAL9005

There are a variety of colour choices, as well as bespoke options of RAL colour codes. Our blinds come with premium quality aluminium slats as standard. We can also create unique feature units including image printing on blinds, signwriting on blinds, and specialist glass for office partitions. The Nōtan magnetic integrated blind system offers one of the broadest range of style choices on the market today.

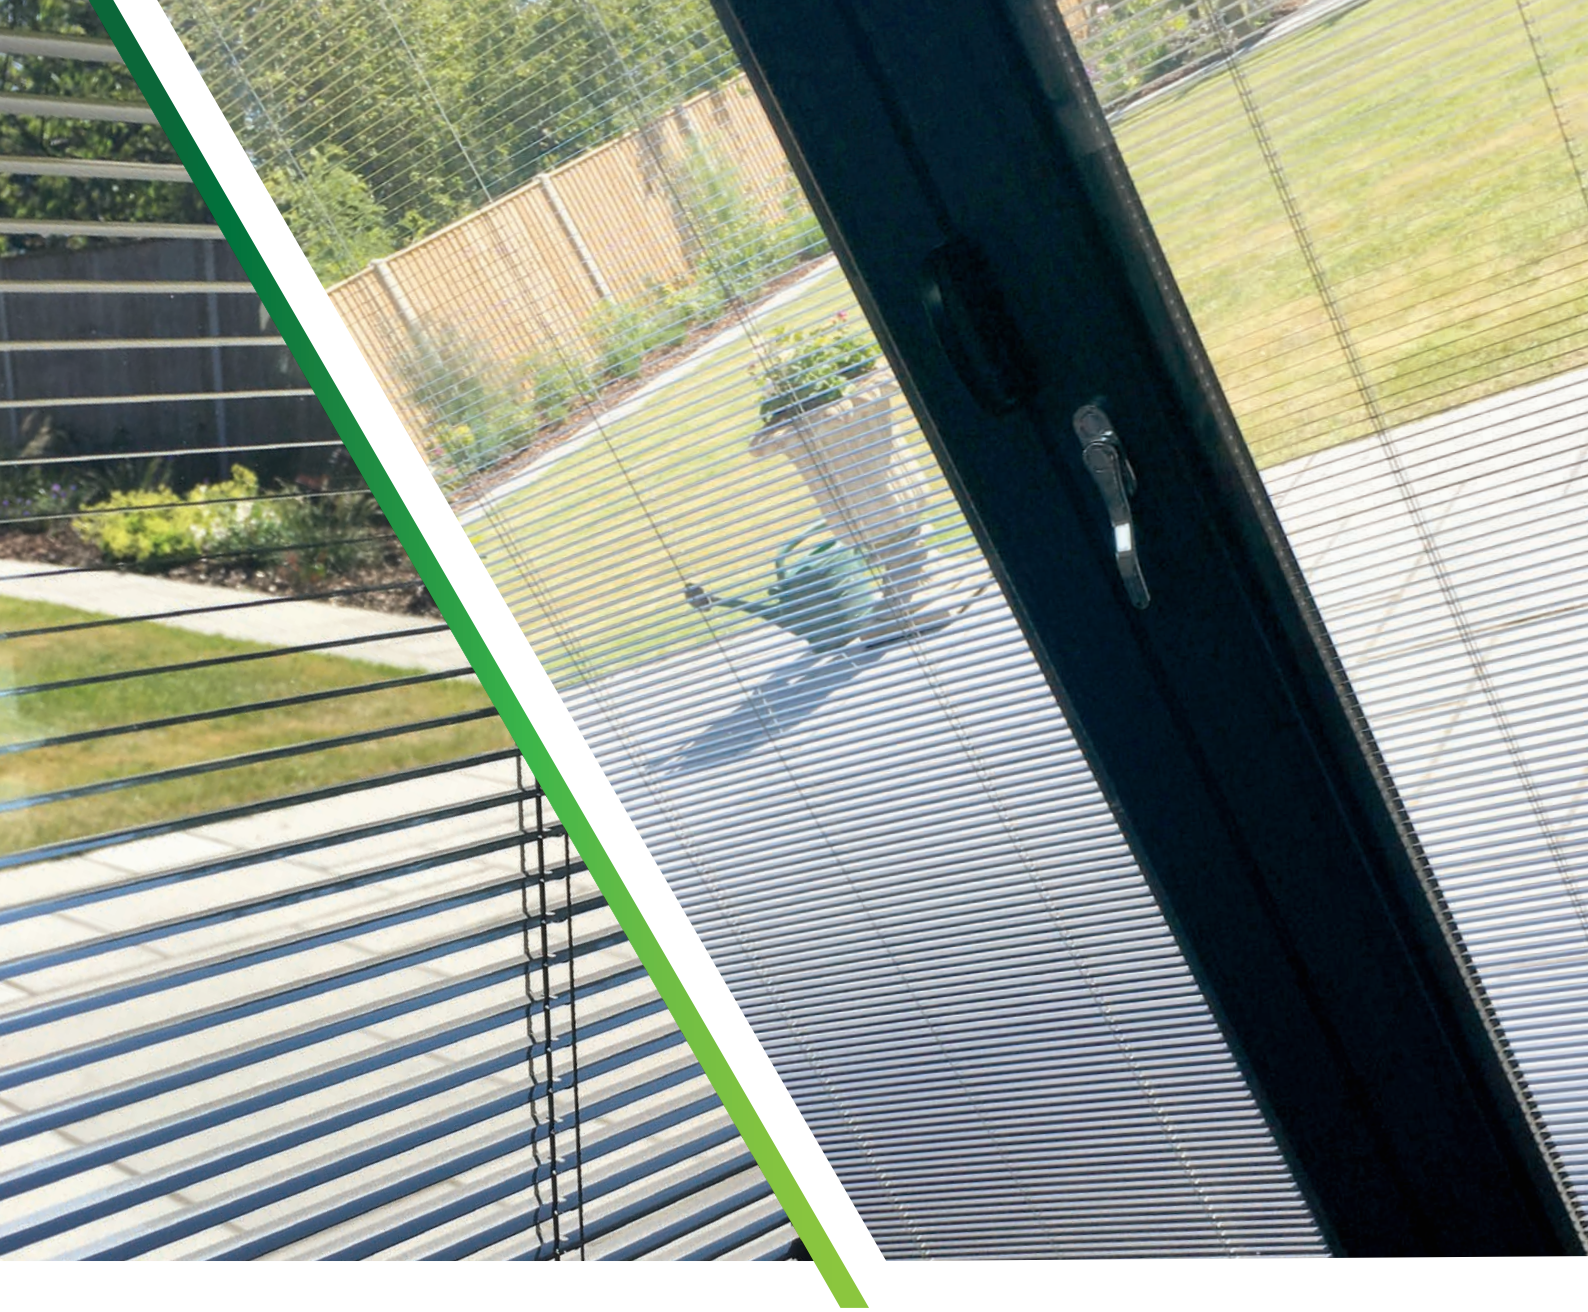

Make The Most of Your Property and Energy Usage

Nōtan's integrated blinds are built with quality, style, and practicality to help you make the most of your living and working spaces.

Furthermore, integrated blinds regulate energy usage, controlling heat during the summer, and maximising warmth during the winter plus reducing glare from direct sunlight.

There's minimal maintenance and cleaning required as our integrated blinds are hygienically sealed and dust-free. There are no strings attached, so they're child and pet friendly, especially compared to conventional blinds.

Nōtan blinds are suitable for a variety of different applications including windows, doors, patio doors, sliding doors, French doors, and conservatories from bespoke to standard.

Leading Quality, Design, and Manufacturing

Our team of experienced technicians along with our customer service department are here to help with any questions that you may have.

The Nōtan range of products have been specifically designed and precisely manufactured to provide high-performances IGUs combined with the highest levels of energy efficiency and excellent through-life operation. All units come standard as A-Rated for insulated glass units, and can even be combined with the latest glass solar control technologies. We are proud to state that we have one of the most rigorous testing programmes of any integrated blind manufacturers.

Our blinds are tested on 10,000 repetitive cycles for both lift and tilt functions.

Effortlessly Control Your Shading Solutions

Find the perfect balance between light and dark in every room of your property with Nōtan's integrated blinds. Practical, stylish, sleek, and efficient, our integrated blinds are the perfect finishing touch to every building.

Complement your property with clever and attractive shading or natural light management at home or the office. With Notan's incredibly innovative and easy-to-use system, you're in full control.

Nōtan's Magnetic Integrated Blinds come with a 10 Year Warranty for a long-life guarantee.

Simple, Efficient, and Sophisticated

Nōtan's integrated blinds are perfectly sealed between a double-glazed glass unit. They are easy to operate, maintenance-free, reliable, and durable. They can be easily and quickly fitted by your window installer and with retrofit possibilities, they're perfect for every home or commercial property.

The Nōtan system combines stylish and elegant design with no-fuss operational efficiency. Using a simple, yet ingenious magnetic control system, managing your lighting and privacy has never been easier.

Nōtan is a UK manufacturer and supplier of integral blinds. All of our integrated blinds are manufactured using innovative technology, best practices in manufacturing, and meticulous attention to detail underpinned by a 10 year warranty.

Why Choose a Nōtan Magnetic Integrated Blind?

- Simple Magnetic Control
- 10 Year Guarantee
- High Build Quality
- Choice of Styles, Colours and Sizes
- Retrofit Possibilities
- Value for Money
- No Cleaning or Untangling Blinds
- Bespoke Design and Customisation
- Quiet and Smooth
- Offer Privacy and Security

Nōtan integrated blinds offer an elegant modern alternative to conventional blinds that are easier to use, safer, quieter and smoother.
